Apr 2019 - Apr 2021

GURUKUL VIDYAPEETH

Class 10th from CBSE
Grade: 77.2%

Bihar, India
Apr 2018 - Apr 2019

WORK EXPERIENCE

HACKTOBERFEST 2023

Open Source Contributor (Using React Framework)

Remote
[Live Link](#) | [GitHub Link](#) | Oct 2023 – Oct 2023

Actively contributed as an open-source developer during Hacktoberfest 2023, achieving levels 0, 1, and 2 and **Holopin** badges.

Developed a personal portfolio website utilising **ReactJS**, demonstrating proficiency in **front-end development**. Designed and implemented a **professional portfolio website** for a client using React.js, showcasing creativity and **client-focused approach**.

Enhanced the accessibility and usability of React projects by contributing to the README files using **Markdown**, ensuring clear and concise documentation for developers.

Demonstrated expertise in web technologies including **CSS, HTML, ReactJS, Git**, and **GitHub**, employing **version control systems** for efficient collaboration and project management.

Implemented various sections including **About, Skills, Projects**, and **Contact** on the portfolio website, each showcasing relevant information in a visually appealing and user-friendly manner.

PERSONAL PROJECTS

PERSONAL WEBSITE

[Live Link](#) | [GitHub Link](#) | Aug 2022

Developed a responsive personal website from scratch using **HTML, CSS**, and **JavaScript**.

Added a blog page for article publication and a recommendation page featuring favourite wallpapers, soundtracks, and quotes.

Created static web pages including Home, Skills, Education, Projects, Contact, Blog, and Recommendations. Hosted the website on **GitHub Pages**, showcasing deployment and **version control** proficiency.
